

Vision setting

Myrto Skouroupathi | Environmental Engineer

Cyprus
Energy
Agency

ENERGee Watch has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 892089.

Why its important

- Know where you want to go
- Plan correctly the steps to get there
- Be able to refocus
- Have acceptance by stakeholders
- Mitigate conflict

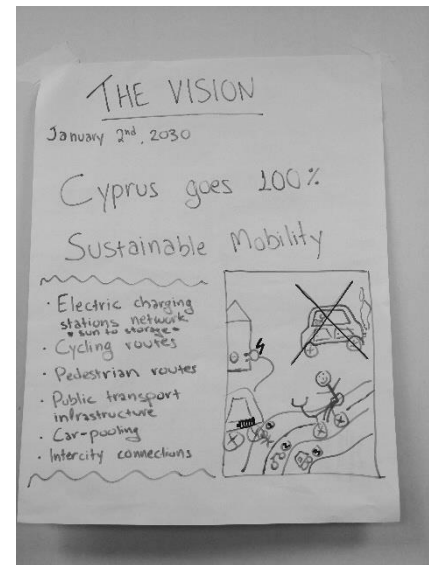

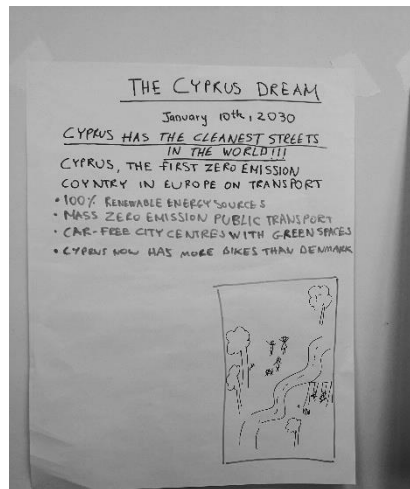

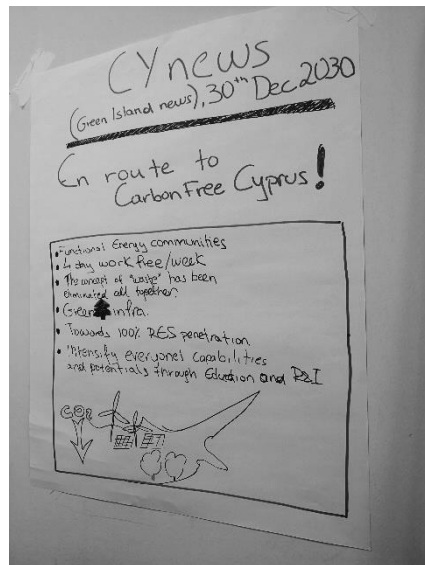

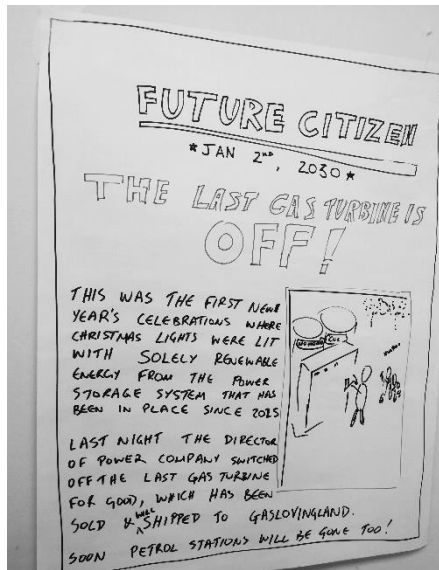

Tool 1 – News cover

- Simple tool for workshop settings
- Encourage collaboration
- Focus on lifting restrictions and enhancing creativity
- Broad enough vision to achieve (close to) consensus

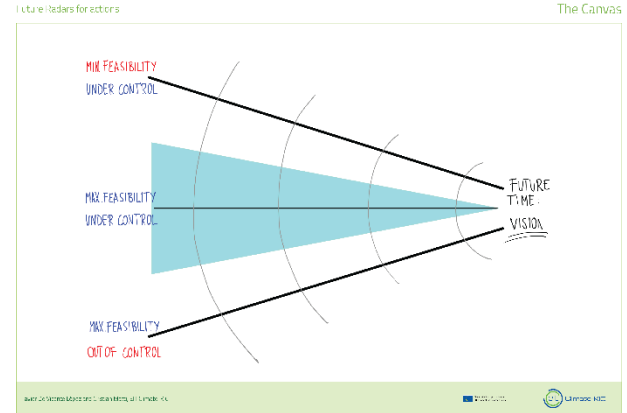

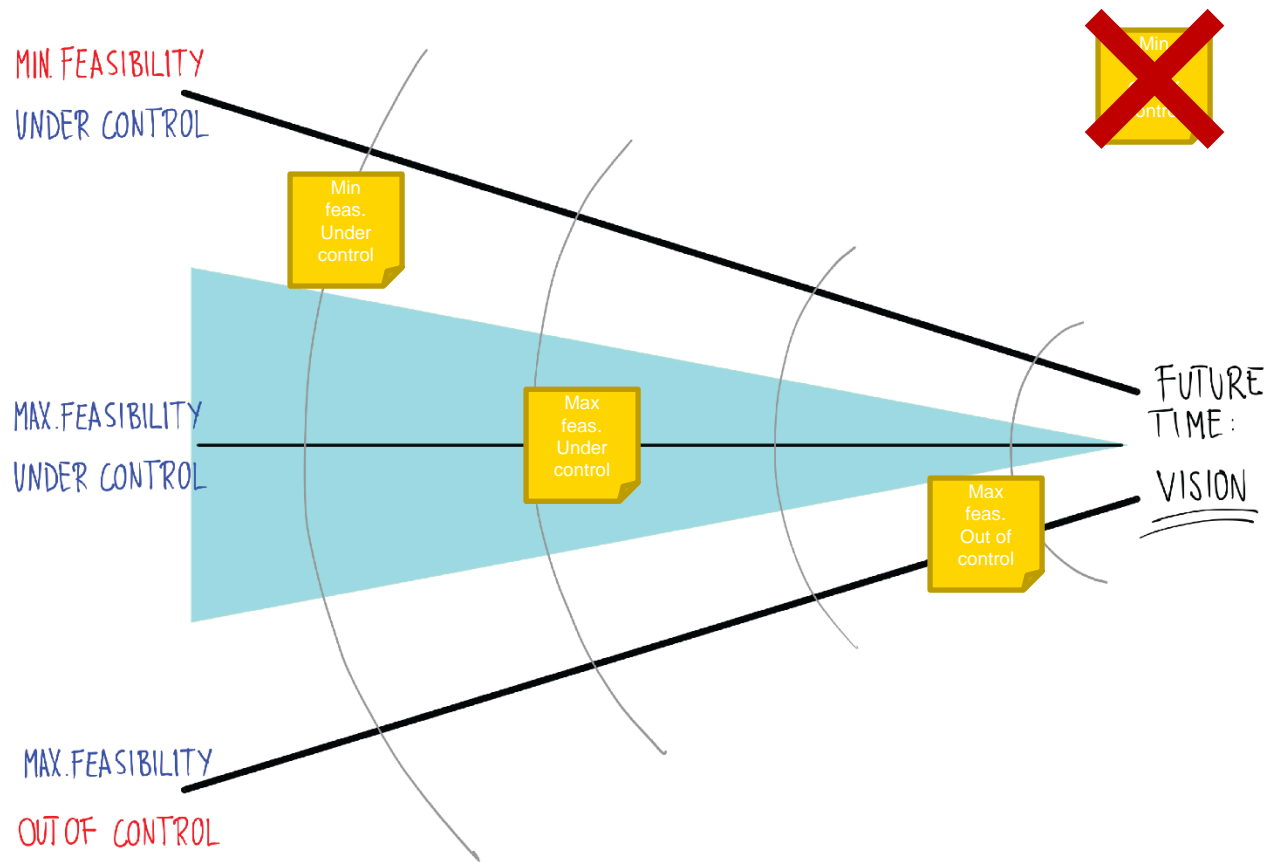

News cover in action

Tool 2 – Back-casting

- Practical tool for workshop settings
- Realising our vision
- Select feasible actions
- Create a pathway
- Make the impossible, possible!
